EXPERIENCE

WALKER CRIPS GROUP PLC

30/09/2013 - 04/10/2013, LONDON

- Learning about stock quotations, indices, valuations of equities looking at price earnings ratios (share price divided by earnings per share), calculation of yields (dividend per share divided by share price) and basic charting.
- Examining portfolio construction looking at diversification of asset classes, between cash, bonds and equities, sectors and individual investments in order to diversify risk.
- I was shown some of the administration of account maintenance and worked on spreadsheets and reconciling of applications and cash for a forthcoming major share issue.
- Attended a fund managers' meeting (10 managers) discussing general market views and stock specific opinions, including an update on the forthcoming major share issue.
- Spent time with the dealers being shown in depth quotations (level 2) RSP's (retail service providers) and the closer prices that were available electronically and potentially by making a telephone call to the market makers.
- Covered some of the terminology used by the dealers and the market and how trades were worked on in the market.
- I did some shorter term trading opportunities and some smaller company trading as well as the administration behind it.

HOULDER INSURANCE SERVICES LTD

09/07/2013 - 10/07/2013, LONDON

Part of China Merchants Group (based in China), shadowing Dominic Samuelson, Broker Producer, Non Marine Division
